

Beekeeping Project

Project Information Page

In this introductory project, members will inquire into how honey bees live and survive in colonies, how humans can help them to do this and also reap some delicious and useful rewards. Some activities may include learning about the different types of bees, understanding the social structure of the bees, dissecting a honey bee, creating seed bombs to launch into nature to create ideal bee habitats and visiting a beehive with a beekeeper to explore this exciting profession/hobby.

Project Completion Requirements (PCR)

- ☐ Complete at least five (5) project activities.
- ☐ Display all tangible items at Achievement Day (ie. Seed bombs, dissected bees with labels, products created).
- ☐ All activities/project meeting topics must be documented on the record page provided.
- ☐ Members can create a scrapbook if they choose, but this is not required and will not be credited as a project activity.
- ☐ Project (1) Page specific to Home Economic or Life Skill Projects
