

Construction

Project Information Page

Welcome to Construction! In this project, members will learn about estimating distances for construction development, safety in the workshop, be introduced to workshop tools, build proper platforms for the Tiny Homes Project to be constructed upon. They will be introduced to electrical, plumbing and gyproc installation of the Tiny Homes Project. They will also be introduced to the VR machines which create the feeling of being in the actual heavy equipment industry or in the trades world.

Project Completion Requirements (PCR)

- Attend two out of the three Construction Project days
- Complete the following. Both items must be on display at Achievement Day
 - **Wooden Tool Box/Planter Box**
 - **Worksheet – create your own Tiny Home floor plan**
 - **Project (1) Page specific to Life Skill Projects**

Please Note: Members are encouraged to use their own creativity, however a finished product should include proper sanding, filled (and sanded) nail holes and a clear varnish or wood stain.

4-H Year Completion

The following must be on display at the Club Achievement Day in order to complete the 4-H year

- Complete the **PCR's (Project Completion Requirements)** as outlined above
- Complete a **Communication** (public speaking) Project
- Complete a **Community Service** Activity
- Complete an **Agriculture Awareness** Activity
- Complete the **Member Documentation** (4) pages found in your Portfolio or on the website

Exhibition Requirements

Toolbox/Planter Box (ensure item is labeled with name, age and club)

**Members are strongly encouraged to participate in the 4-H Classes at PEI Fairs & Exhibitions.
Please check with your Project Leader or visit www.pei4h for more Exhibition information.**

General Notes

- Leader Resources are available on the website or by contacting your 4-H Specialist
- Each month on the 15th (or thereby) a Provincial Newsletter is released with up to date information
- The Provincial Website www.pei4h.ca is regularly updated and the home of the Provincial Newsletter
- The second last Saturday in July each year is the deadline for Members to submit project work and portfolios to their 4-H Specialist for completion and to remain as a member in good standing. Only members in good standing can participate in summer exhibitions and be nominated /apply for special awards.
