

The Great Outdoors -Wilderness Survival Skills Project Information Page

In this exciting and interactive project, members will learn many different skills that involve the outdoors! Get ready to ignite your curiosity, ignite your fire-making skills, and ignite your passion for The Great Outdoors! At this project, you'll learn the invaluable art of making a fire without matches, discover the ancient techniques used by our ancestors to harness the power of fire, and crafting emergency shelters that can help save your life. Navigating through the wilderness is a breeze when you understand the power of a compass. And let's not forget about the incredible wildlife that calls our area home by learning to spot signs of animals in their natural habitats.

Project Requirements

- Attend The Great Outdoors Project Day on December 28, 2023
- Create your own wilderness survival guide (1 page). What are 4 key points to share? (Describe as if you were talking to the reader).
- Members can create a scrapbook relating to the wilderness survival skills as discussed at this project workshop, if they choose. This is not required, but available as an additional activity to record member learning. It will not be credited as a project activity.
- Complete 4-H Project Page (attached)
