

Crochet I & II

Project Information Page

This project is designed to teach members the basic steps required to crochet. Crochet is a form of needlework looped stitches are formed with a single thread and a hooked needle. Members will be introduced to the tools used, how to choose the correct yarns/thread for the intended item and how to follow patterns. Members will also learn several basic stitches that can be used for both beginner and more advanced crochet work.

Project Completion Requirements (PCR)

EASY STEPS TO CROCHET I

- Four (4) samples**
 - Foundation Chain Stitch (apprx. 10cm in length)
